DAVIS THEATRE.

New Show Today, Vaudeville and Paramount Feature Photoplays.

For the last half of this week an exceptionally fine vaudeville and photoplay bill has been booked for this theatre. Heading the bill is Went-worth, Vesta and Teddy, a clever team of eccentric comedians and acrobats with their performing dog Teddy. Grace Alison, the next act, is a dainty little character change comedienne, who has a beautiful selection of songs and a magnificent wardrobe. Last not least is Glison and DeMot clever pair, in a singing and talking oddity called Names Don't Count, an interesting little skit that will appeal to everyone. The Paramount feature photoplay to be shown today is called The Straight Road, Clyde Fitch's great human story, with Gladys Hanson playing the leading role. The remainder of the bill is made up of Mutual movies and one funny Keystone company straight Horan's Romence Unset movies and one funny keystone com-edy called Hogan's Romance Upset, and it is just one long laugh from be-ginning to end. Matinee today at 2.15, all seats 10 cents, children 5 cents; evening at 7 and 8.45, 10, 15 and 20

"ON TRIAL" COMING.

New York Success to Be at the Davis Monday, April 5th.

The amazing success of On Trial in New York is the principal topic of conversation in theatrical circles. No produced in recent years gained such instant recognition as did this remarkable piece of dramatic litera-ture, which contains a story that is ull of dramatic suspense and is filled the margin with powerful and thrilling moments. It is no more than nat-ural then that Manager Craig should be particularly pleased over the con-tract he has just made with Cohan and Harris for the presentation of On Trial at the Davis theatre, Mon-

Charile Chaplin, Mabel Normand. and Marie Dressler Coming to The Davis Theatre In the Greatest Comedy Ever

What is without a doubt the most expensive photoplay ever shown in this city will be seen at the Davis the first city will be seen at the Davis the man-haif of next week, when Tillie's Punc-tured Romance, a six reel comedy with Charlie Chaplin, Marie Dressler and Mabel Normand, a trio of funmakers that cannot be equalled will be seen. This picture was produced by the fa-mous Keystone company under Mack Sennett's direction and the result is the funniest picture ever produced, All the Keystone favorites are seen in this picture and Charlie Chaplin never was so funny in all his notable career as he is here. He scampers through the whole six reals of mirth making one solid mile of comedy and causing a laughs. His side partners, Dressler and Mabel Normand, also do their share in providing fun, fast and furious. Tillie's Punctured Romance, when staged, taxed the capacity of the big Keystone studios, and everywhere the picture has been shown it has taxed the capacity of the theatres to hold the crowds who have clamered for admission and in many lamored for admission, and in many nstances it has been shown repeatedly in the theatres where it was first shown A good laugh will do you more good than all the doctor's medicines in the world and here is a splendid optunity to indulge in all the laughter you want. Owing to the great de-mend for this picture it will be shown here for three days only, beginning next Monday. Charlie Chaplin never was so funny as when he appeared in the Keystone films and in this picture he has the support of the whole Key-stone force and the result is the funpicture in the world on a large scale never attempted before by any motion picture company. There will be three complete shows daily and the sual prices will prevail.

AT THE AUDITORIUM. Big Tange Contest Will Be a Feature at Tonight's Performance.

Everything is in readiness for the grand tango dancing contest scheduled to take place on the Auditorium stage at 8.30 tonight. Several names have been handed in and it is expected that a fine contest will be held. Those competing are all local boys, but they will have as partners members of the Courist company as they found it hard to get young lady partners for this event among the local tangoists. There will be one prize of five dollars which will go to the best couple, the audience to be the judge. This is the first contest of this kind held in Norwich, and drows the progressiveness of the Audi-

new and original.

The tango contest will in no way interfere with the regular show which will be presented this afternoon and svening by the Lew Orth Musical Comsay Co. entitled The Tango Tea, a sery funny satire on the modern dance wo reels of the ninth episode of the applets of Elaine will be the feature on the picture program and The Vil-age Postmaster, a funny reel by the Joher Comedy Co., will complete the

Tomorrow an entire change of pro-pram will take place and a new mu-sical comedy as well as new pictures

At the betrothal ball Gordon, to get evenge, persuades a girl of the un-lerworld to go to the ball with him, where she claims that the surgeon is setrothed to her. Rupture Like l'Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His Remedy and Book Sent Free. Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor and truss after truss. No results! Finally, he was assured that he must either submit to a dangerous and abhorrent operation or die. He did seither! He cured himself instead.

Fellow Men and Women, You Don't Have

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man.

Anyone can use the same method; it's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. the Right Place

If the right man could always find the right place, e., the one to which his ability and energy is best suited, the problem of unemployment would be solved.

The lost motion resulting from the wrong man being in the wrong job would be eliminated and the saving would take care of all who could find no work.

Of course, such an ideal situation could never prevail, but a move in that direction is made every time a Bulletin Help Wanted ad is inserted.

From the number of help ads to be found in The Bulletin the employe can often find the right job. From the number of applicants secured from a Bulletin help ad the employer can usually find the right man.
